BE RESPECTFUL, BE RESPONSIBLE, BE SAFE

WE ARE A PAX SCHOOL

News to Nibble On

Division Priorities Consultation

The Fort Vermilion School Division Board of Trustees have established a planning and stakeholder engagement process every three years. The discussion involves reflecting back on the previous achievements and identifying areas of growth. The discussions lead to the identification of student needs and the direction the school division should be taking in the next three-year cycle. **The Fort Vermilion community consultation will occur on Tuesday, January 23 at 7pm at Fort Vermilion Public School.** All parents/guardians and community members are welcome to attend.

Family Literacy Day

Parents/guardians (or aunts/uncles, grandparents, etc.) are invited to St. Mary's from 2:40 to 3:05 pm on Thursday, January 25th, to read with their children. Families may read together and read anywhere in the school. We will have books available in each classroom, the library and our reading corner. Taking time to read every day or to do a learning activity with children is crucial to a child's development, and can improve a child's literacy skills significantly.
